**Note to Readers:**

HABES, Mufices studiose, Pfalmodiam pe|ne integram, ad Vesperas duplices, & fe|miduplices attinentem, studio ijs puacis | prætermiffis, qui vel ob prolixitatem can-|tu expedito ab Ecclesia concinuntur, vel | qui per anni circulum vnico tantum die Festo inferuiunt. Plerumque huius æui modulatores, ita | sua diligunt, vt aliena despiciant, & vbi præfunt, propria | tantum ex hibent, delitescentibus in tenebris laboribus ce-|terorum, quamquam præclaris; qui Mufico munere non | funguntur, naufeante tandem natura in frequenti repe-|titione rerum quantumuis optimarum: ego mea ita exi|ftimo, vt aliena, & probem, & fufpiciam. Ideo errata | Typographi, & mea tibi subijcio; corrige, vt par est: alij | enim curis implicitus, omnia, vt antiquæ puritatis fe|cta-|tor cupiebam, non potui animaduertere. Si liuore cares, | & artem calles, totum, & non partes expendes: fecus fi | facias, quid iudices, nil moror. |
